

## DECLARATION OF COMPLIANCE

on the restriction of the use of certain hazardous substances in electrical and electronic equipment - Directive 2011/65/EU (RoHS) of the European Parliament and of the Council of 8 June 2011 and Commission Delegated Directive (EU) 2015/863.

ASEM S.r.l., Via Buia n. 4 – 33011 Artegn (UD), declares that it has read and understood the European Directive 2011/65/EU and Delegate Directive (EU) 2015/863 on Restriction on Hazardous Substances (RoHS). The RoHS Directive prohibits the use of certain substances in Electrical and Electronic Equipment, listed in Table 1 below, referred to as the “RoHS requirements”.

ASEM S.r.l. therefore declares that its products are compliant with RoHS Directive, that is they don't contain the substances, listed in Table 1 below, in upper quantity than the maximum limits accepted, and that products are not among those belonging to applications exempted from the restriction present in Annex III of the Directive 2011/65/EU.

**Table 1: Substances and maximum limits**
